FARM + COTTAGES

A MINDFUL ESCAPE ON THE MENDOCINO COAST

For the perfect picnic or a wine-and-cheese escape, just choose from our menu and we'll pack a basket with all the necessities—even blankets.

A place for nature, wellness, and conscious living.

Mar Vista Farm + Cottages is a place where life slows down, allowing you to forge stronger connections with the land, yourself, and the ones you love. With 11 cottages and a small farm on nine magical acres along the “secret coast” of Mendocino County, just across Highway 1 from the Pacific Ocean, it feels like a private country getaway that you’ve always known.

This unique blend of setting, seclusion, and sustainability presents the meaningful opportunities we so often miss today: the chance to be present, to focus, to recharge the spirit and replenish the soul.

Designed for you to make memories.

Our one- and two-bedroom cottages each feature a full bathroom, sitting areas with charming antique furnishings, and a cozy fireplace. Views of the forest, ocean, and wildlife abound, while a well-stocked kitchen offers all the tools you need to prepare meals using eggs from our hens, ingredients from our on-site gardens, and goods from nearby purveyors.

All cottages include the following:

- Goose down pillows and duvets
- Blanket
- Bathroom linens, toilet paper, and soap
- Stove, oven, refrigerator, and microwave
- Tableware, cooking and serving utensils, kitchen towels, and napkins
- Dish soap, cleaning brushes, and hand lotion
- Pour-over cone and paper coffee filters and tea pot

Every cottage features a well-stocked kitchen and a dining area to gather around the table.

Unplug. Reconnect.

Mar Vista Farm + Cottages is a place designed to help you rediscover what life is really about—the people you’re with, the setting you’re in, the feeling in your soul that rises with each new adventure.

Complimentary farm-fresh eggs are available for delivery every evening. You also can harvest veggies, herbs, and fruits from our gardens at any time for cooking, and cut fresh flowers as well.

Celebrate your journey together.

Weddings at our coastal retreat are both intimate and inspiring. Surrounded by gardens, forests, sea, and sky, your dance floor is the cool grass, your ceiling the starry Milky Way. Each little cottage is festooned with ivy, luminaria line the driveways and pathways. It's as if this entire place was made just for you, because today, it is.

Milestone celebrations

Mar Vista is ideal for milestone anniversaries and other special events, too. High above the Pacific, the waves crashing in the distance, you'll share meaningful moments with family and friends before retreating to your own private cottage.

The Glass House

The Glass House is at the center of Mar Vista. Designed like a greenhouse, it has room for 48 guests at a single table that stretches the length of the structure. Unique, exquisite, and absolutely unforgettable, it is a place of boundless potential.
